Two unique designs for LED Replacement C7 bulbs!

C7 Faceted LED bulbs have a unique Strawberry or Raspberry look to the bulb. All of these facets like facets on a diamond refract light in multiple directions giving the bulbs a glimmering appeal.

C7 Smooth LED lights are like the old fashioned standard glass bulbs. They have a smooth finish that allows the lights to emanate evenly around the bulb. The clear glass shell allows an indierect look when the lights are turned off.

Start Saving Money NOW!

Buy a few bulbs now and start replacing your standard C7 bulbs as they burn out and break, or replace them all and save even more

The C7 LED bulb has a E12 Edison Base
 Glass shell sealed shell for outdoor applications
 3-LED 120VAC bulbs consume less than 2 Watt and produce NO heat.
 Measure 54mm OAL x 21mm diameter with 12mm diameter base
 Rust-proof, Zinc-coated contact keep maintenance to a minimum
