

HOLIDAY G-LED

Linear LED Lighting System

The **G-Led** is a commercial grade led linear system that is ideal for both temporary and permanent installations. The unique ability to connect over a half mile of lighting with Just One Plug, puts the G-LED in a category by itself. Utilizing state of the art technology the G-Led offers long life, low maintenance and energy efficient solutions. Direct AC plug-in system, eliminates the need for DC conversion. The system is constructed with a coaxial connection and a threaded coupling to reinforce the end to end bond. Available with a variety of globe sizes, and a rainbow of pure led colors, the G-LED will find applications as diverse as the imagination can roam. Add to that an all time low .1W per bulb and you will throw those old strings of Christmas lighting out the door.
